

## Regular Monthly Meeting

The regular monthly meeting is coming up July 24th, 2018 at 6:30p.m. at the Huntsville Senior Center, 2200 Drake Avenue. Our own Myra Soroczak, the HGMS Program Chair, will present "Constructing and Deconstructing Jewelry." She will discuss how to modify simple elements to create (construct) beautiful necklaces, bracelets and earrings. She will also explain how to analyze complex elements and deconstruct them to write step-by-step instructions for creating them. Everyone is welcome! Jewelry crafters won't want to miss this program!
